

The time has finally come for some BIG changes!!

Since taking over at Sunshine 3 years ago we have always been looking at different ways to improve what we offer and we can work with of your needs as parents and that of your family.

We feel honoured when parents choose us for their childcare however we are also interested in what else we can do for you as a family.

Our aim is always to work with our parents to make life easier, be flexible with our offer. We understand that having little ones is hard work, trying to juggle them, work and the day to day running of home life is a tough job.

So after months of careful planning we are proud to announce from January 2018 we will be open 49 weeks a year no more term time only for us.

We have also extended ours hours so we will be open from 8am to 5pm Monday to Friday.

What does this look like for you?

- A LOT more flexibility
- Hourly rate so you can choose your own hours
- You can fit in around the school runs so you don't have to miss out.
- Pick up additional hours for any important appointments or even to treat you to some 'me' time.

Now we understand that some of these changes may not affect you, but over time with family and work commitments changing and the extra government funding we will be perfectly placed to support your needs.

Could you share this news with friends and family? Shout it from the roof tops as this is something we're very excited about, and an opportunity not to be missed. We are also running a competition on our Facebook page if you could help there.

We're super thrilled to offer these new and improved changes and we wanted you all to be the first to know, and possibly take advantage of.

If you're trying to find time to go Christmas shopping but are worried about little eyes peaking, speak to Kyah. We are happy to accept hourly booking from now until xmas at our current opening times.

Make the most of this exciting deal before everyone else hears about it.

That's all for now!!!!

Kyah, Leigh and Gabs
